

# Gobinda Prasad Paudel

Web Developer | IoT & Embedded Systems Enthusiast | AI Projects

## Contact

Email: [gobindapaudelofficial@gmail.com](mailto:gobindapaudelofficial@gmail.com)

LinkedIn: <https://www.linkedin.com/in/gobinda-prasad-paudel-aa9485218/>

GitHub: <https://github.com/gobinda-prasad-paudel>

## Projects

### Voltanex

E-club for electronics, computer science and AI enthusiasts.

Skills: Arduino, Raspberry Pi, Leadership, Soft skills.

[Visit Project](#)

### Off-Grid Communication System

An off-grid communication system designed to enable connectivity in remote areas without conventional network infrastructure.

Skills: ESP32, LoRa, Arduino, Python, Node.js, MQTT.

### Public Transportation Management System (PTMS)

IoT-based public transportation automation system with live monitoring.

Skills: Arduino, Raspberry Pi, React Native, MQTT, Firebase, Node.js.

### EduCare

Quick medical emergency response system built especially for students.

Skills: Python, React, FastAPI, Mongo DB, Node, Express, Tailwind

### Thrive – Gender Equality Platform

Hackathon project promoting gender equality through empowerment, reporting, and awareness.

Skills: React, Node.js, MongoDB, Express.js, Chart.js.

## Skills

React

TypeScript
